SURGEON'S COURT—Sept. 1.—Before A. W. BRADFORD, esq.

MORE GREAT WILL CASES.

The Surgeon was in his pinnace this morning, but no vessel came up to him, so he went to the pier. The most will cases are to come up shortly, we learn. Dr. Cook will be present, and the question arising upon it is said to be quite intricate. But rather than risk a black record, the Surgeon has given up his practice. His practice is likely to be pawned in the case of Christopher Hillebarger, who died recently, leaving a very large amount of property. There will be time to get the parties in both cases safely off the bar, and the Surgeon will get under way again, which will not be till the 22d inst.

UNITED STATES COMMISSIONERS' OFFICE—Sept. 1.—Before Commissioner MORRISON.

The United States James J. Hause, Boatswain of the American ship *Hannibal*, was captured in CHINA.

The defendant is charged with having murdered an American seaman named Mink in the River Whampoo, China.

The first witness, Francisco Foster, a seaman of the Star Board, testified that the day after he came on board one Macleod, as master, he saw Foster, a seaman of the American ship *Hannibal*, shot from the deck.

The last time he saw him was on the 23d of April, about 6 p.m., the vessel was at anchor in the river. He saw Foster go ashore, and was lower sailing, trying to go astern; all hands were on deck engaged in hauling the sail; witness was the main topman ready on the port side, just above Macleod. Higgins came along side a Mack and Foster, and Foster was seen to shoot him. Higgins had gone to the bottom at once, and was never seen afterward by the witness; after the man went down Higgins came on deck, a man on deck went up, picked up that man, a boat was sent to him, and he was taken to the hospital. Foster was sick, and was not a Brazilian Chinese.

He was 24 or 25 years old, some 5 feet 9 inches tall, hairy, yellowish skin.

On his cross-examination, witness testified that Higgins was shot through the heart; that the parties were about to feed from the deck, and that Foster, who was then on deck, was made fast to the main rigging, and dropped astern; that Macleod did not go up the rigging like a sailor, but was particular where he stood, and that Foster was shot from the deck.

Another witness, John Macleod, testified that he saw Macleod fall into the river, below on the main topmast yard of the ship.

The Government having rested for the present, Mr. Millett, of the defense, moved that the court sum up the facts of the case, and went to the bottom at once, and the cause adjourned till 4 o'clock on Tuesday.

BOSTON.—Commissioner G. W. MORRISON.

The United States, vs. Robert A. Bouton.

This is a motion for defendant's discharge, who was arrested on a warrant issued by the Commissioner for crime of perjury.

The defendant appeared before the Commissioners and entered into the usual recitation with respect to his appearance at the September Term of the Court.

He denied that he was guilty of the offense of which he was accused, and that the indictment was laid.

Without however dictating these points, at the trial of the cause, the point taken by the District Attorney is, that he was guilty of perjury, and that he was guilty of his appearance at the September Term of the Court, and not of his appearance at the October Term, because he had no authority to cause the indictment to be returned, and that the defendant had been before the Commissioner, and that the complaint dismissed, the party would have to move the Court to call the recognizance.

The motion must be denied.
